

International Church Technology
Consultants

Our 21st Century world
needs the light of Jesus
more than ever! Our
missionaries and
pastors need

technology
tools to
reach the
world. As
the only

licensed Media
Engineers in
Assemblies of God
World Missions, Fred
and Crystal provide
consultation and
research needed to
develop these tools!

Fred and Crystal serve as missionaries in the capacity
of Chief Engineer of the E-Media Division of Global
University of the Assemblies of God.

Fred was born and raised in Pittsburgh, PA. He
accepted the Lord in 1972 and was called to the
ministry in 1979 at the altar of Bethel Assembly in
Pittsburgh. Crystal was born and raised in Rock Hill,
SC. She accepted Jesus in 1976. After graduating
from Central Bible College in 1985, Fred did
internships at Spanish TV and Radio Ministries and
the PTL Television Network. In 1990, he met Crystal
and moved to South Carolina.

They married in December of that year in Charlotte,
NC and lived in Florence, SC. Their first son Phillip,
was born in October 1992. In 1995, Fred and Crystal
received their missions appointment to ICI University
and moved to Dallas in 1997. Their second son,
Stephen was born in 1998. Their daughter, Hope, was
born in 2004 and adopted from China in June 2005.

In the summer of 2000, ICI University merged with
Berean University to form Global University and the
Kovach's moved to Springfield, MO.

Upgrading His Tools to Finish His Work

Our 21st Century world needs the light of Jesus more than ever! Our missionaries and pastors need technology tools to reach the world. Global University and Fred & Crystal provide the research needed to develop these tools!

Media Tools

One of the most powerful and versatile media tools of our age, television media is present even in the most remote parts of our globe!

We are now leveraging the latest DVD technologies to provide evangelistic and church growth media

in up to ten languages on the same disk!

The Great Questions of Life video is used to evangelize in 35 languages and helps our missionaries and pastors overseas to start churches and disciple new believers!

Discipleship courses are produced for the Arab world. These video courses can cross borders when our missionaries can't! Recent production of customized courses for Baghdad Bible

College provided needed teaching when terrorism prevented missionaries from traveling there. The need has now provided inspiration for similar productions in Spanish and English!

[GlobalReach.org](http://www.globalreach.org)

One of our longest running projects is on the internet at www.globalreach.org, where we provide discipleship courses to the world in English, French, Spanish and Mandarin. The site has provided over 450,000 lesson downloads to cities all over the globe. Cities in closed countries rank #1 for course downloads! Our extensive Chinese audio curriculum has excited believers so much that their downloads flood our server!

Technology Consultations

As the only licensed Broadcast Engineers in Assemblies of God World Missions, we have been asked to advise missions organizations and churches in the establishment, installation and upgrading of their media facilities.

In addition to supporting Global University's eMedia Studio, we have

also assisted studios in England, Belgium and Spain. Our latest ongoing project involves advising a Bible School in a sensitive area with the installation of a media studio to disciple believers via the internet in a closed country.

We can also help your church with your audio, video and projection needs. This is a

real-life example of how we assist missionaries with their technical needs.

Since project slots are in high demand, please call us with your specifications as soon as possible.

Missions Partnership

God has given us a unique ministry of helps to our missionaries and churches. Our ministry's budget is no longer adequate to meet the demands of expanded international consultation and travel. God has expanded our ministry, and we know that He has the funds to complete the vision! Please pray about how you can partner with us for the sake of the Kingdom!

The Lord of the Harvest is upgrading His Tools to finish His work and we thank Him for our partnership with you!
