Technology Tools to Reach our World

We have mentioned several projects over the last year and thought it might be a good idea to bring you up to date on them.

Internet Projects

The **Vietnamese Online Bible School** is slated to have an official "launch" in late March. Two courses are complete and deployed, while others are in various stages of translation. GU is putting together a team of pastors to train the national church to function "above ground".

The **Online Bible College** in Farsi now has six courses completed, with six more to be done by the end of the year. Pilot students will be enrolled once our language partners are trained and ready! Our area director reports that the churches in Iran are very eager to get started!

GLOBALreach.org is continuing to grow with Amdo-Tibetan being added as our 21st language! This is the first Christian resource in this language ever published for this language of 6 million readers! Since there are no trained Amdo pastors, this will assist our field personnel greatly!

Television Studio Projects

We were able to complete the Renovation of Global University's studio. The renovations performed much

better than expected and resulted in a much quieter studio than we had before!

Thanks to Cedar Valley Church, Bloomington, MN; North Point Church, Springfield, MO; and Cardoza Construction in Ozark, MO for partnering with us to make this project a reality.

Missionary Charles Stewart reads audio scripts during the Spanish production of *People Who Knew Jesus*.

Right after our renovations were complete, we produced the Spanish version of *People Who Knew Jesus!* The stories feature people, parables, and places from the ministry of Jesus. This video series is being produced to train pastors in Latin America.

It is your faithful prayers and support that enable us to continue to produce technology tools to help our missionaries around the world reach their countries with the Good News of our Lord Jesus Christ!

Kovach Praise and Prayer

- † Praise God for **over 4800 resource materials in 21 languages** on GLOBALreach.org!
- † Please pray for God's continued anointing and provision for our missionary ministry.
- † Pray for Christian resources for the Amdo people of Tibet so that training of pastors can begin.

Phillip, Stephen and Hope's Corner

Hi, this is Stephen again. The Parkview Winter drum line's theme for their show is "The Invasion". As usual, Phill rocked the Bass drum, and so did I in my first band concert on January 14th, my Birthday! And by the way, Hope has a pair of glasses and if I say so myself, she looks very intelligent!

Well, the weather here lately has been pretty good, so on Saturday, we went to feed the ducks (it was mainly geese who enjoyed a good fight) and we had lots of fun doing that. Well that's pretty much it, so I guess I'll see you the next time I see you!
