### A New Kind of Bible School

How do you reach a group of people who are in an area that is difficult to reach? How would you reach students of a language group that is spread over a large geographical area?

With courses in over 120 languages, Global University is used to working with people of many languages and nations. However, two special situations required special plans. These plans call for Global University to start Online Bible Schools. Online Bible Schools provide a selection of courses on the Internet designed to prepare people for ministry in their country or region.

#### Vietnam

The Vietnamese church is strong! They love the Lord and serve Him with everything they have. However, persecution of Christians has left believers with an incomplete knowledge of the Bible. The Vietnamese church has requested an Online Bible School to provide training in the Bible and ministry. Internet Parlors abound in

Vietnam—providing the means for people to be saved and believers to attend their Bible School!

#### Arabic Online Bible School

Training believers in the Arabic world provides different opportunities—and risks. In some countries, Arab Christians can worship and learn freely, while in others, such activities are illegal, and might even be punishable by death. We now have the opportunity to produce print, video, audio and interactive courses in one of the open countries! The Arabic Online Bible School will use the Internet to reach students in the other Arab-speaking countries! We will also be working with Arabic Internet Radio to provide these courses online for use in discipling new believers!

Please be praying for these Bible Schools as the plans and courses are completed. Please also be praying for lost people to be saved and believers discipled as these Bible Schools are completed.

### New Languages for GlobalReach.org!

We recently added The Great Questions of Life Evangelistic Course in Amharic to GlobalReach.org for a total of five languages online! In addition, we have courses coming in four other languages: Russian, Georgian, Italian and Bangla. Courses in these languages represent souls saved and discipled.

We will also be ordering equipment to help rapidly scan in over 60 other languages that Global University evangelism and discipleship materials are in! Please pray with us and Global University for God's funding and anointing for online evangelism and discipleship.

If you would like to help Global University with starting Online Bible Schools, please send your offering to AGWM, 1445 Boonville, Springfield, MO 65802. Please note your gift with Project # 11023 for the Online Bible Schools or with Project # 11024 for the Globalreach.org Languages Project.

### Phillip, Stephen, and Hope's Corner

Well Happy Chinese New Year!!! We've been having fun although we've been recovering from the ice storm that blew through a few weeks ago. I've been scheduling for high school already and I also just started playing the Djembe (a drum kinda like a bongo) for my small-group meetings.

Stephen has been working very hard in his Royal Rangers class! He also is doing a lot of singing! He got to sing a solo in the 3rd grade class play at school! He did good!

Hope is growing more each day! She really enjoys it when we will read a book to her. She is also enjoying going to her International adoption playgroup times! We have discovered that she really doesn't like to sled!
