Fall 2020

God has accomplished great things this past term, but many of them occurred behind the scenes.

India College of Ministry

Also known as ICoM, the India College of Ministry experienced great growth this past term. And the Corona lockdown in India has caused course

enrollments to soar because students were locked down at home. ICoM has nearly tripled in size from its 2016 enrollment and has passed several of its goals!

GlobalREACH.org

Our career project, GlobalREACH.org has grown from 7,566 resources when we started this term in 2016 to 8,813 on the present GlobalREACH.org. During this term, we have added two languages on our main server, and one Asian Minority language on a private server for security reasons.

Global University's Online Courses

We are on the programming team for Global University's new Learning Management Software. Most of this has

The November 2019 Bangalore, India Graduating Class. Although the COVID19 lockdown has postponed graduations, ICoM has had increased class enrollments during the Pandemic.

been behind the scenes work, but for instance, if you had to have your password reset as a GU student, you used code written by Fred. **Future Projects**

Our latest efforts with this software project has been to research and program data structures that will permit rapid translation of website phrases for GlobalREACH.org and our

Online Bible Schools. This will allow us to greatly expand our GlobalREACH.org and Learning Management System to many other languages.

Please pray for guidance and anointing as we continue this research during itineration.

We have now started our itineration ministry. If you would like for us to come minister in your church, please contact us!

We also have Video Missions Windows and even a complete Missions Church Service on video for those churches who are meeting online! If you would like for us to produce a personalized Missions Window, or a Church Service for your online service, just ask and we'll get one to you!
