Discipleship for the World!

Global University has Evangelism, Discipleship and Degree-level courses in 135 different languages! And it has been our privilege for over 18 years to work with these course files and help distribute them around the world.

When we have translators available, some of these languages have been placed on globalreach.org. They are then available in areas where it is difficult to distribute these courses due to political or geographic reasons.

Other languages are available to our national offices by request. Recently, we have been working to organize these courses using a database, which can cross-reference religions and countries to languages. This assists us with our field personnel when they travel. For instance, one recent request was for two countries in the 10/40 Window. Three languages were requested, but through the database, we were able to identify courses in five more languages that might be encountered in these countries!

With GU materials in this many languages and more coming, this project is huge! Please pray for God's guidance as we work to make these materials available to our national offices around the world!

Kazakh is one of the "surprise languages" that our database identified as being used in the countries that field personnel were travelling to.

The India College of Ministry has experienced tremendous growth over the last 12 months. With tens of thousands of students, the demand for curriculum in their heart language is great. If you are able to help with translation or printing costs, you may give to our Online Bible School Fund at: icom.fredcrystal.com or send to the address on the right.
