Partnering in Production

We recently partnered with John and Tabitha Plake of Frontline Ministries to provide Television Engineering assistance for their production of *Destination: Asia*. It was a pleasure to be engaged in such a fine production, especially when our furlough has called upon us to be away from the studio. Here are a few thoughts from the production:

First of all, we are thankful that God gave us Video Technology with which we can disciple and reach our world for Him! This particular production is intended to train missions teams to have more effective ministry on their short term trips.

Plakes with this production. We have been called upon several times to assist other missionary ministries with their technical needs. We are available because you stand behind us financially as the only fully-appointed, FCC-licensed Broadcast Engineers in Assemblies of God World Missions. Because of your support, we have been able to honor requests to assist missionary studios in both Europe and Asia, as well as the studio we work with at Global University. Thank you for your faithful support of our ministry to help missionaries take the Gospel where it could not go otherwise!

Next, we are thankful for the churches and individuals who come behind us in prayer to make our ministry happen. Television Engineering requires a certain amount of creativity to make a production come together. This one was no different! At one point, with only minutes until the beginning of the first taping, We prayed for guidance to solve a difficult problem. God provided the answer, and soon we were rolling tape! Thanks for praying for the "Creative Anointing" for our ministry. We also thank God for being able to assist the

Official "Crew Shot" for the Production of "Destination: Asia." We partnered with Missionaries John and Tabitha Plake in the production of this training video.

Kovach Praise and Prayer

- ⇒Praise God for \$185 in new monthly commitments to our ministry. This puts us at \$1007.00 per month to raise. Thank you for your continuing prayers—God is moving on our behalf!
- ⇒Please pray for safety as we continue to visit our supporting churches and friends during our furlough cycle. It has been good to meet with those who support us in prayer and finances.
- ⇒One of the latest of Global University's Internet/Media projects is a partnership with missionaries in the Middle East and Northern Africa for an online Arabic Bible school. Please pray for the Holy Spirit's guidance and wisdom during the planning stages of this project.

Phillip, Stephen & Hope's Corner

I got to travel with my dad to Wisconsin for a few services and I really enjoyed my time there but it was really cold! We are looking forward to being able to travel with dad when school gets out this summer! We like going to the different churches and making new friends!

Stephen got baptized the day after his birthday! Dad got to baptize him. It was cool! Hope was also dedicated on the same night. So it was a big night for our family! Well gotta run!
